The Celebration of Bat-Friendly Pechugas | *These limited releases of pechugas from Vago's mezcaleros, each of the producers used Bat-Friendly Espadín* **\$80**

Pechuga de Emigdio Jarquín - *Espadín*, Miahuatlán, Oaxaca

Pechuga de Salomon "Tio Rey" Rodriguez - *Espadín*, Sola de Vega, Oaxaca

Pechuga de Joel Barriga Aragón - *Espadín*, Hacienda Tapanala, Oaxaca

WHAT IS BAT-FRIENDLY? Bat-Friendly is a certification created by UNAM recognize Tequila and Mezcal brands that are working to create sustainable methods of production that maintain healthy populations of nectar-feeding bats. These small but incredible creatures are the main pollinators of agave plants, feeding at night on the nectar-rich flowers at the top of the flower stalk (quiote). By allowing some of the plants to flower rather than harvesting them to produce mezcal, we are able to maintain a healthy genetic diversity among agave populations, as the bats cross-pollinate flowers during their feeding process. This project helps us work to maintain a healthy ecosystem, as the bats will also pollinate other flowering plants in the surrounding environment. A healthy bat population is vital to a healthy agave population.
